

CALIFORNIA FIREMEN'S MUSTER ASSOCIATION

April 2010

Presidents Message

Hello to our CFMA family! Welcome to SPRING in California? A large thank you, goes to those that were able to attend the March meeting. For the most part things went as smoothly as expected. Jerry Kaufman will take over as treasurer for this year. And some excellent discussions occurred (please read\ your minutes). As you should know by now, Lincoln had to cancel their muster date. However, after shaking many tree's; the city of Folsom-Fire has come to our rescue and our third muster will be July 31 & August 1. Folsom is providing a site - not fully hosting. I must say that they have been more than willing to assist CFMA; and for that I am truly grateful. CFMA staff is working on a sponsor for hospitality and members have brought-forth ideas for possible breakfast(s) support. As it now appears, CFMA will host a Friday night gathering. Breakfasts will be on your own. Saturday nights dinner will be Pot-luck, with a short under the stars dance. CFMA staff is working on showers, however (to our knowledge) none are available at the proposed site. We'll all have to assist our brethren on this item as we can. Hotel/motel information will be available soon - you might even find it in this packet. We must expect that this event could (will) be bare-bones with all hands assisting as necessary. I look forward to seeing those of you who are able to attend Columbia's events the first weekend in May. For all others - lets plan for some CFMA fun at Firebaugh.

Again a "BIG" thanks for all those stepping up so that we all might enjoy a full muster season. Tim

Tim Mrozinski (707) 639-6839
