Jerry,

The huge workload here has kept me very, very busy, but I have finally caught a break and I wanted to take this available moment to thank you so much for everything you have organized, funded, thought of and sent here. It's nothing short of amazing. So many Soldiers have benefited and appreciated everything you have sent. I wanted to do more than say thanks...I intend to start sending some updates on what's going on here and plan to include you on the emails, but only if you are interested and it's not a bother to you....I hope you are having a GREAT day.

Thank you SOOO much!

LTC Ted Daley
